

CAL Wash

TECHNICAL DATA SHEET

Description

CAL Wash is an ultra-low VOC (100 grams/liter) blanket cleaner and residue wash. It has a medium fast drying time and can be used as a daily blanket wash to quickly remove inks and contaminants, as well as any oily residue build up.

Application Information

Safety First - Review Safety Data Sheet (SDS) and secure proper Personal Safety and Protective Gear.

Cleaning Blankets

Apply CAL Wash to your favorite shop cloth and wipe the blanket clean. Once the ink has been removed and the blanket is clean, start-up can be initiated and printing resumed.*

Suggestion:

Use CAL Wash in conjunction with RBBC Blanket Conditioner to revitalize rubber.

*Not for use in Auto Wash Systems.

*Contains Acetone. Acetone washes should not be used on litho rollers because they can reduce roller longevity.

Typical Properties of CAL Wash

VOC = 0.83 lb/gal (100 grams/liter)

Dry Time = Medium Fast

Color = Clear/Colorless

Flash Point = Flammable Liquid

Odor = Mild Solvent type

Advantages and Benefits

- Ultra-Low VOC (100 grams/liter or Less)
- NO lingering oily residuals or contaminants
- Excellent cleaning power – Equal to, *if not better than*, conventional washes
- Easy to use
- Cost Effective

Packaging

CAL Wash is available in quantities of 1 gallon, 5 gallons and 55 gallons.
