

RBBC Blanket Conditioner TECHNICAL DATA SHEET

Description

RBBC is a quick and efficient Blanket Conditioner that deep cleans your blankets and removes any friction, gum and paper glaze as well as paper dust and lint. RBBC contains mild plasticizing agents that will leave your blankets feeling like new and help maintain your print quality over long periods of time. Use RBBC as the last wash of the day to condition your blankets, maintain their performance, and extend your blanket life.

Application Information

Safety First - Review Safety Data Sheet (SDS) and secure proper Personal Safety and Protective Gear.

Application:

Pour a generous amount of RBBC onto a clean shop towel and apply to the entire surface area of your blanket, working from one edge of the blanket to the other in a side to side motion, allowing the plasticizers time to condition your blankets.
